

OrcaTech GEO Intelligence V2

Agency: OrcaTech

Brand: OrcaTech

Website: <https://orcatech.online>

Generated: 2026-06-08T07:17:49.130Z

Branding color: Not configured

Logo URL: Not configured

1. Executive Summary

OrcaTech GEO intelligence summary is based only on stored audits, prompt responses, citations, and V2 engine outputs.

GEO Score: INSUFFICIENT_DATA

Threats: INSUFFICIENT_DATA

Opportunities: 4

Visibility leakage: 70/100

Executive evidence: Run the V2 GEO score engine after audit and prompt evidence exists.

(Trust Layer)

Executive evidence: Evaluated 0 competitor candidates against 7 real prompt responses.

(Trust Layer; <https://orcatech.online>)

Executive evidence: Generated 4 visibility opportunities from stored prompt, citation, and audit evidence. (Visibility Opportunity Engine V2; <https://orcatech.online>)

Executive evidence: 7/7 real prompt responses did not mention OrcaTech. (Prompt Tracking; <https://orcatech.online>)

Executive evidence: Competitor names appeared 0 time(s) across the same response set. (Prompt Tracking; <https://orcatech.online>)

2. GEO Score Breakdown

INSUFFICIENT_DATA: No V2 GEO score has been calculated yet.

Confidence: 0; Data source: Trust Layer; Last verified: 2026-06-08T07:17:49.002Z

Evidence: Run the V2 GEO score engine after audit and prompt evidence exists. (Trust Layer)

3. Threat Analysis

INSUFFICIENT_DATA: No competitor had enough prompt, citation, or content evidence for a reliable threat score.

Confidence: 0; Data source: Trust Layer; Last verified: 2026-06-08T07:17:49.037Z

Evidence: Evaluated 0 competitor candidates against 7 real prompt responses. (Trust Layer; <https://orcatech.online>)

4. Competitor Analysis

INSUFFICIENT_DATA: No competitor had enough prompt, citation, or content evidence for a reliable threat score.

Confidence: 0; Data source: Trust Layer; Last verified: 2026-06-08T07:17:49.037Z

Evidence: Evaluated 0 competitor candidates against 7 real prompt responses. (Trust Layer; <https://orcatech.online>)

5. Visibility Opportunities

Target keyword coverage: score 55, expected gain 8, difficulty 35. Add the missing tracked opportunity phrases naturally in headings and answer blocks.

Confidence: 78; Data source: GEO_AUDIT; Last verified: 2026-06-08T07:16:41.211Z

Evidence: Target keyword coverage failed with value 0/1. (GEO Audit; <https://orcatech.online/>)

llms-full.txt is available: score 55, expected gain 5, difficulty 35. Publish llms-full.txt with complete AI-readable brand, service, and proof content.

Confidence: 78; Data source: GEO_AUDIT; Last verified: 2026-06-08T07:16:41.211Z

Evidence: llms-full.txt is available failed with value false. (GEO Audit; <https://orcatech.online/>)

Noscript fallback has meaningful content: score 55, expected gain 5, difficulty 35. Fix the failed audit check: Noscript fallback has meaningful content.

Confidence: 78; Data source: GEO_AUDIT; Last verified: 2026-06-08T07:16:41.211Z

Evidence: Noscript fallback has meaningful content failed with value missing. (GEO Audit; <https://orcatech.online/>)

JavaScript footprint is not excessive: score 55, expected gain 5, difficulty 35. Fix the failed audit check: JavaScript footprint is not excessive.

Confidence: 78; Data source: GEO_AUDIT; Last verified: 2026-06-08T07:16:41.211Z

Evidence: JavaScript footprint is not excessive failed with value 17 external / 17 KB inline. (GEO Audit; <https://orcatech.online/>)

6. Citation Opportunities

INSUFFICIENT_DATA: No citation opportunities are stored yet.

7. Quick Wins

No 1-day evidence-backed actions available.

7-day #1: Target keyword coverage. Add the missing tracked opportunity phrases naturally in headings and answer blocks.

Expected gain: 8; difficulty: 35; confidence: 78; source: GEO_AUDIT

Evidence: Target keyword coverage failed with value 0/1. (GEO Audit; <https://orcatech.online/>)

7-day #2: llms-full.txt is available. Publish llms-full.txt with complete AI-readable brand, service, and proof content.

Expected gain: 5; difficulty: 35; confidence: 78; source: GEO_AUDIT

Evidence: llms-full.txt is available failed with value false. (GEO Audit; <https://orcatech.online/>)

7-day #3: Noscript fallback has meaningful content. Fix the failed audit check: Noscript

fallback has meaningful content.

Expected gain: 5; difficulty: 35; confidence: 78; source: GEO_AUDIT

Evidence: Noscript fallback has meaningful content failed with value missing. (GEO Audit; <https://orcatech.online/>)

7-day #4: JavaScript footprint is not excessive. Fix the failed audit check: JavaScript footprint is not excessive.

Expected gain: 5; difficulty: 35; confidence: 78; source: GEO_AUDIT

Evidence: JavaScript footprint is not excessive failed with value 17 external / 17 KB inline. (GEO Audit; <https://orcatech.online/>)

No 30-day evidence-backed actions available.

8. 30-Day Plan

No thirtyDay evidence-backed actions available.

9. 60-Day Plan

60-day #1: Target keyword coverage. Add the missing tracked opportunity phrases naturally in headings and answer blocks.

Expected visibility gain: 8; difficulty: 35; confidence: 78

Evidence: Target keyword coverage failed with value 0/1. (GEO Audit; <https://orcatech.online/>)

60-day #2: llms-full.txt is available. Publish llms-full.txt with complete AI-readable brand, service, and proof content.

Expected visibility gain: 5; difficulty: 35; confidence: 78

Evidence: llms-full.txt is available failed with value false. (GEO Audit; <https://orcatech.online/>)

60-day #3: Noscript fallback has meaningful content. Fix the failed audit check: Noscript fallback has meaningful content.

Expected visibility gain: 5; difficulty: 35; confidence: 78

Evidence: Noscript fallback has meaningful content failed with value missing. (GEO Audit; <https://orcatech.online/>)

60-day #4: JavaScript footprint is not excessive. Fix the failed audit check: JavaScript footprint is not excessive.

Expected visibility gain: 5; difficulty: 35; confidence: 78

Evidence: JavaScript footprint is not excessive failed with value 17 external / 17 KB inline. (GEO Audit; <https://orcatech.online/>)

10. 90-Day Plan

INSUFFICIENT_DATA: No competitor had enough prompt, citation, or content evidence for a reliable threat score.

Confidence: 0; Data source: Trust Layer; Last verified: 2026-06-08T07:17:49.037Z

Evidence: Evaluated 0 competitor candidates against 7 real prompt responses. (Trust Layer; <https://orcatech.online/>)

INSUFFICIENT_DATA: Benchmark sample is too small for a trustworthy percentile.

Confidence: 0; Data source: Trust Layer; Last verified: 2026-06-08T07:17:49.044Z

Evidence: Found 1/2 comparable scored brand samples for software engineering in egypt.
(Benchmark Trust Layer; <https://orcatech.online>)
